Did you know?

You will find high quality and effective communicative English programs to meet the needs of an ever-changing world at GTE Inc. - English Language Studies. Our courses are designed for adult students who want to learn or perfect the English language for personal interest, academic or professional work. Our comprehensive study plans will train you in different levels - Beginner, Intermediate and Advanced, in general English or Business English. You can also prepare for your IELTS examination with us!

Every GTE English Language Studies (General and Business English) course is aligned to the Canadian Language Benchmarks (CLB) standard, which is a descriptive scale of language ability in English as a Second Language (ESL). The CLB standard reflects the progression of the knowledge and skills that underlie basic, intermediate and advanced ability among adult ESL learners.

As you know, effective communication is the foundation of all human interaction. One of the most influential principles on which both, CLB standard and GTE Inc. are founded, is based on that concept: communicative language ability, which relates to the ability to understand and communicate messages effectively and appropriately in a particular social situation.

MODALITY

Classes at GTE English Language Studies are given **ONLINE**. You can connect from wherever you want with the access ID and password, which you will get as soon as you sign up.

You will connect twice a week through **Google Meet** the same days and times; and you will be doing your homework and tests in **Google Classroom**.

In this way, you will only be using two simple and student-friendly apps!

Our courses are delivered in **4, 8 or 12 week sessions** and you will have five hours of classes per week.

At the end of your course you will have a final assessment. The assessment has a written part and a speaking part, both are taken in your Meet session, so your teacher will be assessing you and helping you during the test.

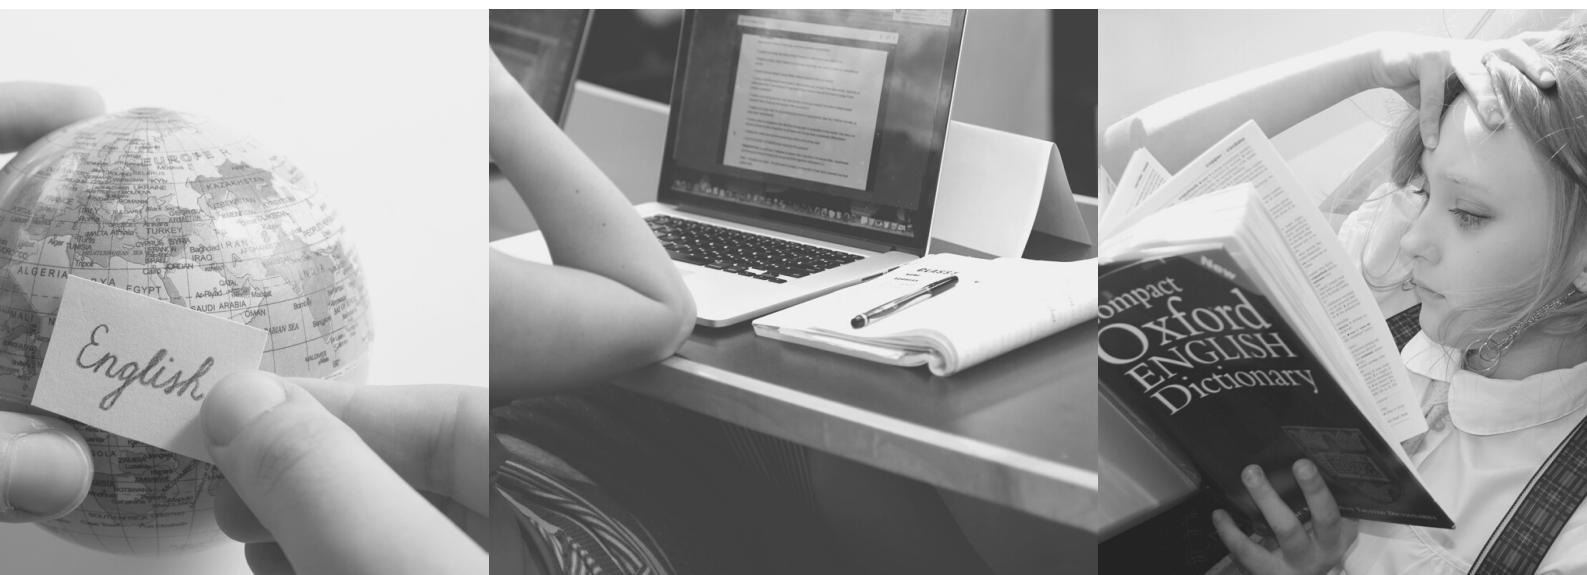

Every student receives a digital **certificate** of completion of studies that specifies the number of weeks attended and the level with its corresponding achieved ability and CLB stage.

Your classes will be engaging and enjoyable. Your teacher will ensure a collaborative and friendly studying environment. You will receive guidance and tutoring as well as the opportunity to interact and work in smaller groups and pairs (in group classes)

You will have the chance to practice the four language abilities: speaking, listening, writing and reading; through different resources and activities such as videos and games but also grammar-vocabulary exercises, discussions, debates and descriptions, among many others.

All the material to work in class and on your own will be provided by GTE English Language Studies, you don't need to buy any books!
